

MLS Products Included with Subscription		MLS Pro \$324 /yr	MLS Pro w/Advantage \$504 /yr
	<b>Flexmls</b> Our MLS runs on the Flexmls platform by FBS Data Systems out of Fargo, ND. The system has desktop, mobile and mobile web versions.	✓	✓
	<b>Monsoon</b> Monsoon is our tax records system using data from The Information Market (TIM). Based in Tempe, TIM has been providing data since 2005.	✓	✓
	<b>ShowingTime</b> ShowingTime is a showing system that makes scheduling showings easy for everyone. Based in Chicago, ShowingTime is fully integrated into Flexmls.	✓	✓
	<b>Mobile apps and other products</b> We will continue to offer multiple mobile options (Flexmls Pro, etc.) and our other offerings: <a href="http://ARMLS.com/products">ARMLS.com/products</a>	✓	✓
	<b>RapidStats</b> RapidStats is a data-driven reporting and analytics tool created by ARMLS that helps agents and brokers understand their markets, pricing and opportunities to make decisions.		✓
	<b>Cloud CMA</b> With Cloud CMA you can easily create CMAs, buyer tours, property reports, and flyers. Every report is branded to you and full of big beautiful photos.		✓
	<b>Cloud MLX</b> Effortlessly search for listings, share information with clients and other agents, and access Cloud CMA and Cloud Streams all with Cloud MLX.		✓
	<b>Cloud Streams</b> Cloud Streams keeps your clients updated with auto listing alerts via email and text much faster than other portal options.		✓
	<b>Remine</b> Remine uses data layers to illuminate real estate opportunities with intuitive map-based visualizations and push notifications with actionable intelligence so you can prospect for new buyers and sellers.		✓
